INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, (publishers of the Albemarle Directory since 1951), present to subscribers and the general public, this the 1964 edition of the Albemarle City Directory, which also includes Badin, Eastwood Park, Weselyan Heights and Rural Route Residents.

Confidence in the growth of Albemarle's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Albemarle to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Albemarle Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Albemarle, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Albemarle, and the

name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points, on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a port, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Albemarle and vicinity.

The Albemarle Out-of-Town City Directory Library

Through the courtesy of the publishers of the Albemarle City Directory, a Directory Library is maintained in the offices of the Albemarle & Stanly County Chamber of Commerce, Inc., for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

ALBEMARLE

(Courtesy Albemarle and Stanly County Chamber
of Commerce)

Location

Albemarle, the county seat of Stanly County, is located in the south central portion of the State in the gently rolling hills of the ancient Uwharrie Mountain Range of Piedmont North Carolina. The city is 42 miles northeast of Charlotte, 115 miles southwest of Raleigh, 22 miles east of Concord and 200 miles west of the North Carolina coast. It truly can be described as an area of "accessible isolation," being near large market areas and yet not hampered by large industrial areas threatening to smother it. There are six other incorporated communities in the county and three unincorporated ones. The former includes Norwood, Aquadale, Oakboro, Stanfield, Richfield, and New London, while the latter includes Badin, Locust and Misenheimer.

Climate

The area enjoys a mild, healthful climate throughout the year, with an annual mean temperature of 60 degrees and an average yearly rainfall of 48 inches. The area has a growing season of approximately 200 days and is not subject to violent storms or other unusual weather conditions.

History

The city, which was incorporated in 1847, was named for the Duke of Albemarle. The entire area is richly flavored with romantic history of the early settlers (primarily English and French) and of Indian tribes which once roamed the ageless mountain ranges. At one time river traffic came within ten miles of Albemarle, up the Pee Dee River, but this long since has given way to the harnessing of river power for electricity. Albemarle played a major role in both the American Revolution and the War Between the States. Skirmishes were reported in both wars, and a great deal of legend has been handed down generation-by-generation. There was a gold rush in the county during the 1860's, and at one time there were four mines in operation here.

People

Albemarle and Stanly County have had a steady rise in population during the past twenty years. This has been due to its strategic location, fertile soils and to its citizens who are its greatest asset. The people are cordial and friendly to newcomers, who become an integral part of civic, religious, and cultural life of the city. This community spirit of cooperation is reflected in the growth and progress of the past two decades.

Norwood	1,515	1,735	1,844
Stanly County	32,834	37,130	40,873

Agriculture

Stanly County is one of the foremost agricultural centers of North Carolina and can boast many "firsts". It is the only exporter of small grain within the state. It is the leading county in lespedeza seed growing. For many years this county has supplied other areas with quality seed. Stanly County ranks high in the production of beef and dairy cattle, poultry products, sheep and swine, and is a big producer of milo, corn and cotton. It has hundreds of acres of permanent pastures and hay crops. Tenant-farming is disappearing in this area due to the high fertility of the soil and the ability of the farmers to capitalize on it.

Industrial Scene

Industry

Being in the heart of the industrial South, Albemarle and Stanly County offer many advantages to new industry. Native-born labor is quickly trained to reach high standards of production. Power, water and proximity of raw materials and market contribute to a strong and diversified economy. Principal Industries:

Aluminum Company of America—pig aluminum.

American & Efird Mills, Inc.—yarn.

Austin Knitting Mills—full-fashioned sweaters.

Collins & Aikman, Inc.—yarn, automotive floor mats and upholstery.

Knitster, Inc.—knit products.

Page Church Furniture Company—church furniture.

Stanly Knitting Mills—hosiery.

Wiscassett Mills Company—hosiery and yarn.

Young Manufacturing Company—case goods furniture.

Other plants produce a variety of products including upholstered furniture, clay and lightweight aggregate products, flour and feed, printed materials, metal and wood products, etc.

Commerce

Albemarle is the county's principal retail center and its stores offer the shopper a wide variety of reasonably priced merchandise to suit every taste and budget.

The First National Bank, the Cabarrus Bank & Trust Company, the Security Bank & Trust Company and the Piedmont Bank & Trust Company, with combined resources of over \$35,000,000, contribute to the county's healthy financial climate. Also importantly serving the county are two progressive savings and loan associations: the Home Savings & Loan Association and the North Carolina Savings & Loan Association, with combined assets of over \$27,000,000.

Government

Stanly County is governed by five commissioners who are elected for four year terms. In 1962 the City of Albemarle adopted the Council-Manager form of government. Thus it is governed by a mayor and five aldermen and is administered by a city manager. Each of the other cities in the county is governed by a mayor and aldermen. In keeping with its early heritage, the county has traditionally been governed by the two-party system.

The city and county have modern fire and police protection, which is maintained at a high level of efficiency. Each city and town has its own fire department, and every other section of the county is covered by volunteer fire departments.

Water Works

Utilities

The City of Albemarle supplies water, sewage and electrical services to all parts of the city and some outside areas. Water is obtained from the Yadkin River and is processed through the filter plants which has a 10 million gallons per day capacity. The municipal sewage disposal system is modern and has a capacity of 8 million gallons per day to meet the growing needs of the community.

The Duke Power Company supplies much of the county with electricity, while natural gas is supplied by North Carolina Natural Gas Company. Telephone service in the county is by the Concord Telephone Company, the North Carolina Telephone Company and Southern Bell Telephone & Telegraph Company.

Transportation

Highways: Albemarle is served by U. S. 52 and North Carolina 24-27, 73 and 740, connecting it with other cities in all directions. Other highways crossing the county are N. C. 49, 200 and 205.

Railroads: Albemarle and Stanly County are served by the Winston-Salem Southbound Railroad, and the Carolina and Northwestern Railway Company, and the Norfolk and Southern Railroad. The former is jointly owned by the Norfolk and Western and the Atlantic Coast Line Railroads, connecting with the N & W at Winston-Salem and the Norfolk & Southern at Norwood. The C & NW is a subsidiary of the Southern Railway Company and connects with the Southern's main line in Salisbury, thirty miles away.

Air: Albemarle has a well-maintained landing strip for

Stanly County Hospital

commercial aircraft. The Charlotte Airport, only one hour's drive away, is served by five major airlines.

Other: Three bus companies and seven trucking companies serve the area on a daily schedule basis.

Health Facilities

The Stanly County Hospital was opened in 1950 and since that time two additions have been made, bringing the total capacity to 140 beds. Stanly County has 22 general practitioners, 3 internists, 4 surgeons, 1 OB-Gyn surgeon, 1 pediatrician, and 1 full-time radiologist. There are 8 dentists practicing in Albemarle and 1 in Norwood.

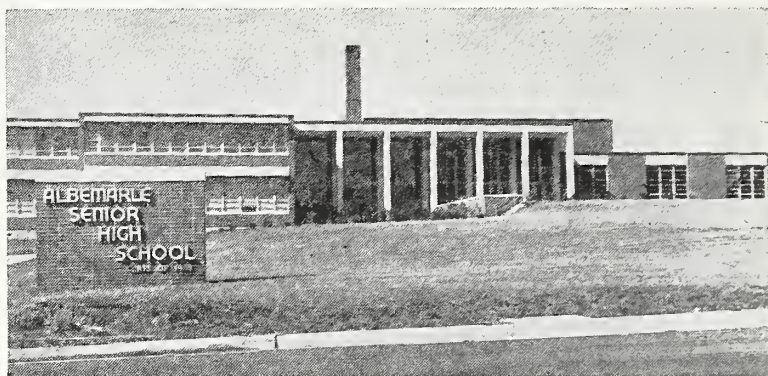

The Stanly County Health Center contains modern, up-to-date clinical equipment and is staffed with a full-time medical doctor and registered nurses.

Education

Every normal educational need, from grammar school through college, can be met in Stanly County. The Albemarle City School System consists of two senior high schools, one junior high school and five elementary schools. The Stanly County School System has fourteen elementary schools and four high schools.

Arnold's Business College and Morgan's Business College are located in Albemarle and offer both day and night classes.

Pfeiffer College, a four year co-educational accredited liberal arts school, is located eleven miles north of Albemarle at Misenheimer. This institution has nearly 1,000 students and offers twenty different majors, plus a two-year secretarial science program. Students may work for either a bachelor of arts or a bachelor of science degree. A ratio of approximately one professor for each twelve students helps to insure many small lecture classes of twenty to twenty-five students, while science labs are limited to twenty-four students.

Albemarle Senior High School

Library: The Stanly County Public Library, containing over 50,000 volumes, is supported jointly by the City of Albemarle and by Stanly County. The main library is located in Albemarle and has branches in Badin, Norwood and the Kingville community. Its bookmobile serves the remainder of the county.

Churches: Down through the years, religion has played an important role in the life of Albemarle and Stanly County. Church membership is high in the more than thirty churches representing the Baptist, Episcopalian, Methodist, Lutheran, Presbyterian, Catholic and other denominations.

Cultural Activities: The people of Albemarle and Stanly County are quick to take advantage of the many cultural opportunities afforded them throughout the year. The Community Concert Association presents a fine series of programs each year. Concerts, drama and art programs at nearby Pfeiffer College are open to the public and are well attended. A number of art classes have been started and interest in them is high. Each spring local artists display their work at the Stanly Art Show.

As Charlotte is only one hour's drive away, citizens of this county can take advantage of the many activities at the Charlotte Auditorium and Coliseum.

Organizations: Civic participation is perhaps most responsible for the continuous growth and progress of the area. The civic clubs and other organizations actively sponsor many worthwhile projects for the good of the whole community.

Many men are active in such organizations as Jaycees, Rotary, Lions, Optimist, Civitan, investment groups, etc. The women of the community participate in approximately twenty garden clubs, the Woman's Club, the Junior Woman's Club and other organizations.

Activities for the youth include Boy and Girl Scouts, Hi-Y and Tri-Hi-Y as well as organized athletics.

Residential Scene

Homes: The homes in Albemarle and Stanly County show pride of ownership and reflect the homelike, wholesome atmosphere of the area. There are some beautiful older residences, as well as new developments, apartments and rental property.

In the past Albemarle has experienced some difficulty in keeping up with the demand for housing, but increased home building has resulted in new developments and wide variety of price ranges; all carefully planned to meet the needs of the growing population. Even those developments farthest from the downtown section require only a five to ten minute drive to work, school or church.

News Media: The Stanly News & Press, published semi-weekly, has an average circulation of 9,500. This is the largest per capita circulation of any semi-weekly paper in the South. Nearby daily papers with morning and afternoon editions are delivered in the area by carrier.

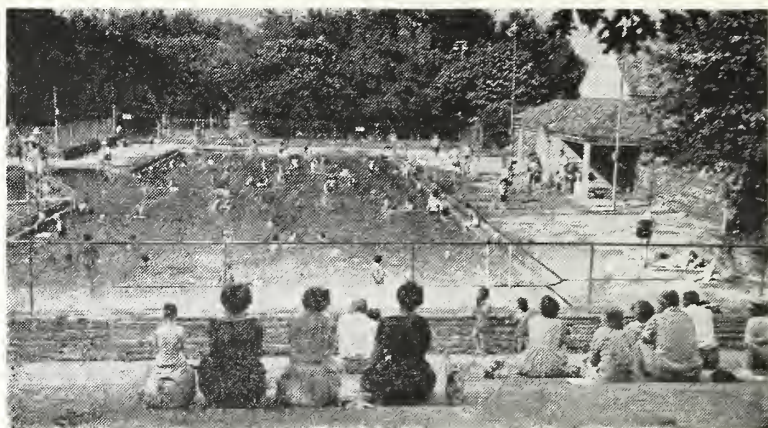

Albemarle is served locally by Radio Stations WABZ and WZKY. Three television channels are received without the need of an outside antenna.

Eating and Lodging: Modern motel, hotel and eating facilities are located in and around Albemarle.

Recreation: Stanly County is gaining additional recognition each year as the "Playground of the Lower Piedmont," for it is truly an ideal location for recreation. Five miles east of Albemarle is the 4,000 acre Morrow Mountain State Park, where one can enjoy fishing, boating, swimming, picnicking, hiking, camping, etc. Near the park are two other large Yadkin River lakes, which are available for fishing, water skiing, and boating, as well as summer homes.

Game is in abundance for the hunter in Stanly County and adjoining Montgomery County. Deer, quail, and duck are especially good.

The Stanly County Country Club has a beautiful, well-kept

Swimming Pool and the Scene atop Morrow Mtn State

18 hole golf course. The Piney Point Golf Course at Norwood is the newest in the county and has an 18 hole course and modern clubhouse.

The City of Albemarle has employed a full-time parks and recreation director and is implementing an excellent recreational program throughout the entire year. There are two city parks each with a swimming pool and other facilities.

The Wiscasset Memorial Y.M.C.A., which was constructed in 1950, is one of the most beautiful and best-equipped buildings of its type. It has thirteen paid staff members working in a well-planned and well-supervised program of recreation for all ages. A modern indoor swimming pool was completed in 1963.

Football, basketball and baseball are enjoyed locally by the young and old. The high schools in the county and Pfeiffer College offer many opportunities for the fans. Southern Conference and Atlantic Coast Conference sporting events are only a few hours drive away.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION....

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

MR. CITIZEN!

CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. Your name, listed correctly in the City Directory, is a great asset. This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

HILL'S ALBEMARLE

Street and Avenue Guide Including Telephone
Numbers and Home Owner Symbols

Including Badin, Eastwood Park and Wesleyan Heights

1964

Copyright, 1964, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house-owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

OUT-OF-TOWN CITY DIRECTORIES

A complete library of out - of - town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. This is a part of our service to local City Directory users.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for **THREE HUNDRED and FIVE** days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.
